

GLADE ROAD ACCIDENTS ARE UP 31% SINCE 2013

GLADE ROAD FAST FACTS:

- ▶ Glade Road is "Unforgiving" in several areas. Making a wrong move at the wrong time will leave no options to safely avoid a wreck.
- ▶ Glade Road has been a "Neighborhood Collector" of residential roads, streets and driveways on maps dating back to 1914.
- ▶ The narrow 20 foot sections of Glade Road are serious public safety concerns – Glade Road is now less than 2/3rds of the standard side street width of 31 feet. By bringing the road up to standard width, our Fire, EMS and Police can quickly respond even during rush hour times.
- ▶ Reported Glade Road accidents are up over 31% since 2013 with many accidents going unreported to avoid increased insurance rates.
- ▶ Our residents cannot walk, jog, or bike safely along sections of Glade Road which have no sidewalks on both sides. Our children cannot safely walk to school.
- ▶ Colleyville has sufficient Right-of-Way to do this project without any Eminent Domain purchases. The bar ditches are within city property; City R.O.W. varies from 44' to 98', more than adequate for a standard 2-lane road with sidewalks on both sides.
- ▶ The Glade Road project is proposed to be "pay-as-we-go", requiring no new taxes nor any new long-term debt. The first Glade Road section to be improved is Bransford to Manning.
- ▶ Resolution 1, as written by activists, is a flawed, overly-restrictive law that, if passed by voters, prevents the Glade Road improvements that were unanimously approved by Council from Bransford to Manning.
- ▶ We are Colleyville Taxpayers, informed enough to know that Resolution 1 is "Bad Law" and we DON'T need to "Pass it to see what's in it!"

Who is "PROTECT COLLEYVILLE"?

We are "Commonsense" Colleyville citizens who want to protect our city's heritage, quality of life and keep Colleyville moving into the future.

We realize that growth brings both change and opportunity.

Please join us in supporting these proven commonsense community leaders.

Nancy Coplen and Mike Taylor are public servants we can trust. There's no "On-the-Job" training needed. They're ready to serve Day 1!

Nancy Coplen

For Place 5

Former GCISD Trustee
Resident for 14 years

WHY WE SUPPORT NANCY COPLEN FOR PLACE 5

During her tenure as a GCISD Board Trustee, Nancy helped build the superior school district that draws Colleyville residents here to educate their children. During her service, the property tax rate was reduced from 1.617 per hundred to 1.29. The fund balance was taken from a shaky low level to a substantial amount that allowed the board to release tax refunding bonds, saving the taxpayers \$14.5 million during her tenure. She and the board also implemented zero based budgeting that tightened inefficiencies in the budget. Nancy is a solid, proven leader we can depend on to put Colleyville first.

COLLEYVILLE CITY COUNCIL PLACE 5 & 6

WHY WE SUPPORT MIKE TAYLOR FOR PLACE 6

During his tenure as Council member, Mike has provided "Commonsense Conservative" leadership. He's an independent voice in a "Team Environment" so that citizens' concerns about their homes and community are heard. Within 18 months of his election, our council faced the second worst financial crisis in American history. Their leadership brought Colleyville out of it financially stronger than we went into it. Mike understands reducing the property tax burden on our homes through Economic Development with new businesses our citizens want and support while protecting our neighborhoods from high density developers. He has consistently protected our low property tax rate, Superior "AAA" credit rating, high cash reserves and financial strength with his conservative fiscal policy. He has consistently voted to maintain the highest level of public safety with State-of-the-Art Police and Fire Departments. He helped develop and supports our 5 Year Capital Improvement Plan that builds safe roads and street infrastructure and our 100 year storm water and drainage system. That's why we want him back.

Mike Taylor

For Place 6

Councilmember
