Hi Dustin,

We saw the article. Good job reporting on a complicated subject. However, you mention that originally the project would be four lanes. Can I ask where you got that information? As far as I know, this was never to be a four lane project. I'm sending you a link to the first presentation back in May 2013, where it expressly says that four lanes is not under consideration.

<http://www.gladeroadproject.com/documents>

Can you let me know? Thanks.
