

To Whom It May Concern:

We Republican elected officials of Tarrant County firmly believe an individual's religious faith does not and should not ever be a factor when considering an individual for any appointment within the Tarrant County Republican Party. As such, we would like to take this opportunity to reaffirm our belief in the core values of religious liberty and the freedom to practice our own individual faiths. We therefore offer this statement as our continued support of Tarrant County Republican Chair Darl Easton's appointments to party leadership positions and additionally fully back and identify with the State Republican Executive Committee Resolution passed December 2nd, 2018 regarding this matter.

Sincerely,

Glen Whitley
Tarrant County Judge
